“ Carolyn did no less than save my life. She was there for me at a very difficult time in my life. I don't know how to process that she is no longer here. And not because of the role she played in my life recently but because of the amazing mother I know she was to Keegan and Cullen. I missed you before and now I will miss you forever.

“ It will not be easy watching our boys play together without you sitting next to me. I will miss hearing your voice, our random talks and sharing laughs. You always took care of me in our teenage years and I looked up to you as if you were my big sister. I have several fun memories we shared. I am so thankful to have you as a friend and will continue seeing you throw your boys as they grow and will remind them always how much you loved them!

Love always,

Gigi
