“ I remember the very first time I met Christine.

We were on the front porch at the Station smoking telling each other about quit smoking.

We would laugh and I would say maybe tomorrow...

She always had a big smile on her face when we showed up at Cold Springs.

She was a big on ice cream so Mike and I when we went to visit her in Carson. He would sneak a cup in her room and say what are they going to 86 me.

Another great memory is she loved the Denver Broncos I would try my hardest to say I think you would look better in Teal and Gold (Dolphins)

I truly will miss her but we will meet up again I'm a believer..
