“ *I will never forget my first thanksgiving with my new family. I sat across from you at the table, and while Corey looked away, you took your straw and sucked up some water, lifted your straw, and shot water at Coreys face. We all laughed, and the look on your face was priceless. You were so young at heart, and so amazing. I am very glad to have known you, and thankful my daughter got to get to know her Nonnie. We love and miss you. &9825;*
