“ *Scott was a huge part of our family and close friend since 1980. We spent many holidays, outings in the mountain and at the beach. Scott took great care of our son Landon when we went to the hospital to have a baby, which turned out to be twins. He stayed with us when his house caught fire as did his beautiful daughters, mother and best friend Paul. He will always be in our thoughts and we will always carry him in our hearts. We love you Scott, Phil and Bobette*

Scott would have short personal conversations with me about the
